Lower Nicola Indian Band - Education Program Policy

PART 1 – General Provisions

1.0 PREAMBLE

The Lower Nicola Indian Band (hereinafter called LNIB), has developed this policy to administer the LNIB Education Program. The Policy is a guide to assist LNIB Education Program staff in delivering the Education Program to LNIB students and members, so they can reach their educational goals and encourage LNIB capacity building.

It is the responsibility of LNIB to administer its education budget and to develop education policy that will assist members to reach their educational goals and to encourage professional capacity within its own membership.

Indigenous and Northern Affairs Canada (INAC) allocates annually education program funding to the Lower Nicola Indian Band in accordance with its annual funding allocation formulae and policy guidelines. In accordance with such funding arrangements, LNIB must deliver the education program and provide funding assistance to students in accordance with annual national program guidelines on Elementary and Secondary Education Program (ESEP), Post-Secondary Student Support Program (PSSSP) and University and College Entrance Preparation Program (UCEPP).

INAC's funding often comes short of meeting the education needs of LNIB members, so LNIB Chief & Council complements INAC's funding with an annual allocation of LNIB's own source revenue. After meeting INAC's student assistance criteria and guidelines, LNIB may set its own goals and policies that best fit the needs of its students.

It should be noted that decisions made regarding the financial support of LNIB students will be made in the best interests of the student and are contingent upon LNIB's ability to fund such programs.

Students should be aware that financial support under this policy is provided to cover most of the costs associated with pursuing education, but that the funding is in no way intended to be a replacement for a wage, salary, or any other type of support payment from other sources. Part-time or casual employment during educational studies in no way disqualifies Band members from receiving financial sponsorship.

1.1 Citation

This Policy may be cited as the Lower Nicola Indian Band Education Policy, Version 1 and Dated November 7, 2017.

1.2 Vision Statement

For all LNIB children, youth and adults to have skills and knowledge to be personally successful, economically productive, actively engaged citizens, who will become the motivated innovators, community builders, creative talent, skilled workers, entrepreneurs and leaders of tomorrow.

1.3 Purpose of the Policy

The LNIB Education Program Policy is designed to assist LNIB members to pursue their education from Kindergarten to Grade 12, university, professional designations, and trades and vocational certification programs. It is the hope of LNIB Education Program that LNIB students will become economically self-reliant and realize in full their individual potential and aspirations for the good of themselves and LNIB.

The LNIB Education Policy was developed to provide students with a comprehensive, detailed guide to LNIB Education Program. In this Education Policy, we attempt to fully detail the LNIB Education Program's responsibilities to the students and the students' responsibilities to LNIB. We believe that it is essential that everyone fully understand their rights and responsibilities.

1.4 Policy Objectives

By means of this policy, this department promotes fairness, acknowledges achievements, and blends quality education and culture.

32.1 Three main avenues of entry into apprenticeship training are:

- a) completing the level 1 apprenticeship technical training (and a portion of the practical training) while in high-school (*Ace-It* or *Secondary School Apprenticeship Program*) and seeking employment as an apprentice with an industry sponsor upon graduation
- b) completing a pre-apprenticeship (foundation) trades training program where you study at a post-secondary institution to complete the level 1 technical training (and a portion of the practical training) for an apprenticeship and seeking employment as an apprentice with an industry sponsor upon graduation
- c) obtaining employment as an apprentice with an industry sponsor who supervises your work-based training hours, and periodically completing school-based technical training prescribed in the relevant Industry Training Program Profile

32.2 LNIB Funding Eligibility

In the circumstances listed below, trades programs are eligible for Post-Secondary funding when programs meet the following requirements:

- a) offered by an eligible post-secondary institution;
- b) have a grade 12 prerequisite;
- c) be at least one academic year in duration as defined by the institution.

32.5 When a Trades Program does not meet the above criteria, LNIB may provide band revenue to top up education funding.

32.6 Trades students can submit applications throughout the year when their next level of apprenticeship is required.

33.0 VOCATIONAL TRAINING (Appendix 18)

33.1 These programs tend to lead to an institutional credential such as a Diploma of Trades or government credential other than the interprovincial Red-Seal. They vary in length, some may be as long as two years in duration while others may be similar to a Foundation program. They provide a blend of academic and practical skills and similar to apprenticeship programs, some require time working in industry before certification can be achieved.

33.2 In circumstances where INAC's funding comes short of meeting the education needs of LNIB members, LNIB Chief & Council complements INAC's funding with an annual allocation of LNIB's own source revenue.

33.3 It should be noted that decisions made regarding the financial support of LNIB students will be made in the best interests of the student and are contingent upon LNIB's ability to fund such programs.

33.4 LNIB members are encouraged to apply for sponsorship from other funding agencies.

34.0 INDIVIDUAL CIRCUMSTANCES

34.1 Person with Disabilities

As needed, the Education Program will assist students with disabilities to submit all documents to the post-secondary institute, and ensure the student is classified as a student with disabilities so they may obtain additional support from the institute.

34.2 Person Serving Custodial Sentence

Educational and vocational programs available at most government correctional facilities in Canada, include Adult Basic Education (Grade 1 to 10), Secondary Education, vocational, College, and University level programs. A person in a correctional facility generally pays for post-secondary courses which are commonly completed through correspondence with local colleges and universities. Education Department staff will work with the LNIB member and the corrections staff to ensure educational activities fit within the individual therapeutic correctional plan.
