

Traditional Holdings Project Update #1

Meeting Rules

We understand that discussing traditional land holdings/custom family lands is a sensitive and controversial subject that can bring up a lot of emotions for Members and their families. During this meeting participants will be given the option to share their thoughts, questions, and concerns in a considerate and respectful manner. To ensure that frustrations do not turn into personal attacks or crass language the rules below were developed for this meeting to provide Members with a safe space to provide their opinion and feedback.

1. **Respect each Member equally and their various perspectives, opinions, and beliefs.**
2. **Lateral Violence or Abuse will NOT be tolerated which includes the following:**
 - No yelling or swearing
 - No personal attacks; and
 - No bullying

****Not following rule #2 will result in receiving two reminders about the conduct expected during the meeting and if the behavior continues you may be muted for the remainder of the meeting and/or requested leave****

3. **Participants will need to identify themselves upon entering the meeting and before speaking.**
4. **Questions to be held until the end or designated time by the presenter.**
5. **Time limits may be implemented depending on the number of participants. (i.e., 5-minutes per participant)**
6. **We encourage Members to submit their questions in advance via email or to utilize the chat feature during the meeting to ensure their questions are addressed and to avoid interruptions.**
